Catalog of Board Resolutions

User Guide

This catalog contains template resolutions for the Board of Directors (the "Board") of [__________] ("Client"). The template resolutions encompass a range of frequently occurring Client Board decisions. Please note, however, that this catalog does not contain a template resolution for every matter requiring Board approval.

The Table of Contents on the following page contains hyperlinks to Board resolutions, with instructions on where to include situation-specific information.

The "General Matters" resolution at the end of the catalog should be included with each set of resolutions submitted to the Board. This resolution grants authority to the officers of Client to carry out the actions contemplated by that set of resolutions, such as the authority to sign any documents, make filings and complete paperwork or pay fees. It may be tailored to specify certain officers or individuals.

This catalog also includes a Secretary’s Certificate for use when a donor, government agency, or other party calls for a "certified resolution" as evidence of formal Board action.

Changes to Client’s Bylaws; Approval Requirements

Please note that many of the resolutions reference certain sections of Client’s Bylaws. When using the template resolutions, please double-check in the current bylaws that the Section or Article references have not been changed by a later amendment.

As a general rule, actions in which a director or directors may have a conflict of interest may be approved by a majority of the directors then in office, not counting the votes of any interested Board members. Client’s Conflict of Interest Policy outlines specific procedures related to such an approval process.

Client’s Bylaws also specify that certain events require approval by a majority of the directors then in office (rather than a majority of directors at a meeting at which a quorum is present). We have noted this "supermajority" requirement in footnotes where applicable. As a further resource, we have included a chart summarizing matters requiring Board approval at the end of this document. Please bear in mind that the chart does not cover special Board approvals that government agencies or regulators may require; we recommend checking for such requirements whenever Client enters agreements involving the government.
